“Strikingly dramatic, yet simple and unrestrained . . . an unusual and intensely interesting book richly packed with strange information.” —New York Times Book Review Based on Zora Neale Hurston’s personal experiences in Haiti and Jamaica, where she participated as an initiate rather than just an observer of voodoo practices during her visits in the 1930s, this travelogue into a dark world paints a vividly authentic picture of the ceremonies, customs, and superstitions of voodoo. A Finalist for the 2019 Los Angeles Times Book Prize in Biography “A complete pleasure to read.” —Lisa Page, Washington Post Novelist Zora Neale Hurston and poet Langston Hughes, two of America’s greatest writers, first met in New York City in 1925. Drawn to each other, they helped launch a radical journal, *Fire!!* Later, meeting by accident in Alabama, they became close as they traveled together—Hurston interviewing African Americans for folk stories, Hughes getting his first taste of the deep South. "Warm, witty, imaginative. . . . This is a rich and winning book."—*The New Yorker* The rediscovery of Zora Neale Hurston's *Their Eyes Were Watching God*, first published in 1937 but subsequently out-of-print for decades, marks one of the most dramatic chapters in African-American literature and Women's Studies. Collecting the most widely cited and influential essays published on Hurston's classic novel over the last quarter century, this Casebook presents contesting viewpoints by Hazel Carby, Henry Louis Gates, Jr., Barbara Johnson, Carla Kaplan, Daphne Lamothe, Mary Helen Washington, and Sherley Anne Williams. The volume also includes a statement Hurston submitted to a reference book on twentieth-century authors in 1942. As it records the major debates the novel has sparked on issues of language and identity, feminism and racial politics, A Casebook charts new directions for future critics and affirms the classic status of the novel. A tribute to the life and achievements of the Civil Rights activist and acclaimed author examines such topics as the poverty that marked her life, her relationships with such contemporaries as Langston Hughes and Alain Locke, and the posthumous recognition of her considerable talents. "I mean to live and die by my own mind," Zora Neale Hurston told the writer Countee Cullen. Arriving in Harlem in 1925 with little more than a dollar to her name, Hurston rose to become one of the central figures of the Harlem Renaissance, only to die in obscurity. Not until the 1970s was she rediscovered by Alice Walker and other admirers. Although Hurston has entered the pantheon as one of the most influential American writers of the 20th century, the true nature of her personality has proven elusive. Now, a brilliant, complicated and utterly arresting woman emerges from this landmark book. Carla Kaplan, a noted Hurston scholar, has found hundreds of revealing, previously unpublished letters for this definitive collection; she also provides extensive and illuminating commentary on Hurston's life and work, as well as an annotated glossary of the organizations and personalities that were important to it. From her enrollment at Baltimore's Morgan Academy in 1917, to correspondence with Marjorie Kinnan Rawlings, Langston Hughes, Dorothy West and Alain Locke, to a final query letter to her publishers in 1959, Hurston's spirited correspondence offers an invaluable portrait of a remarkable, irrepressible talent. Collected plays of the African-American writer Zora Neale Hurston (1891-1960). In a ground-breaking study of Zora Neale Hurston, Deborah Plant takes issue with current notions of Hurston as a feminist and earlier impressions of her as an intellectual lightweight who disregarded serious issues of race in American culture. Instead, Plant calls Hurston a "writer of resistance" who challenged the politics of domination both in her life and in her work. One of the great geniuses of the Harlem Renaissance, Hurston stands out as a strong voice for African American women. Her anthropological inquiries as well as her evocative prose provide today's readers with a rich history of African American folk culture - a folk culture through which Hurston expressed her personal and political strategy of resistance and self-empowerment. Through readings of Hurston's fiction and autobiographical writings, Plant offers one of the first book-length discussions of Hurston's personal philosophy of individualism and self-reliance. From a discussion of Hurston's preacher father and influential mother, whose guiding philosophy is reflected in the title of this book, to the influence of Spinoza and Nietzsche, Plant puts into perspective the driving forces behind Hurston's powerful prose. Follows the life of the Afro-American writer known for her novels, plays, articles, and collections of folklore. In 1927, Zora Neale Hurston went to Plateau, Alabama, just outside Mobile, to interview eighty-six-year-old Cudjo Lewis. Of the millions of men, women, and children transported from Africa to America as slaves, Cudjo was then the only person alive to tell the story of this integral part of the nation's history. Hurston was there to record Cudjo's firsthand account of the raid that led to his capture and bondage fifty years after the Atlantic slave trade was outlawed in the United States. In 1931, Hurston returned to Plateau, the African-centric community three miles from Mobile founded by Cudjo and other former slaves from his ship. Spending more than three months there, she talked in depth with Cudjo about the details of his life. During those weeks, the young writer and the elderly formerly enslaved man ate peaches and watermelon that grew in the backyard and talked about Cudjo's past—memories from his childhood in Africa, the horrors of being captured and held in a barracoon for selection by American slavers, the harrowing experience of the Middle Passage packed with more than 100 other souls aboard the *Clotilda*, and the years he spent in slavery until the end of the Civil War. Based on those interviews, featuring Cudjo's unique vernacular, and written from Hurston's perspective with the compassion and singular style that have made her one of the preeminent American authors of the twentieth-century, *Barracoon* masterfully illustrates the tragedy of slavery and of one life forever defined by it. Offering insight into the pernicious legacy that continues to haunt us all, black and white, this poignant and powerful work is an invaluable contribution to our shared history and culture.

Zora Neale Hurston (1891-1960), the most prominent of the Harlem Renaissance women writers, was unique because her social and professional connections were not limited to literature but encompassed theatre, dance, film, anthropology, folklore, music, politics, high society, academia, and artistic bohemia. *Zora Neale Hurston: An Annotated Bibliography of Works and Criticism* consists of reviews of critical interpretations of Hurston's work. In addition to publication information, each selection is carefully crafted to capture the author's thesis in a short, pithy, analytical framework. Also included are original essays by eminent Hurston scholars that contextualize the bibliographic entries. Meticulously researched but accessible, these essays focus on gaps in Hurston criticism and outline new directions for Hurston scholarship in the twenty-first century. Comprehensive and up-to-date, this volume contains analytical summaries of the most important critical writings on Zora Neale Hurston from the 1970s to the present. In addition, entries from difficult-to-locate sources, such as small academic presses or international journals, can be found here. Genevieve West examines the cultural history of Zora Neale Hurston's writing and the reception of her work, in an attempt to explain why Hurston died in obscure poverty only to be reclaimed as an important Harlem Renaissance writer decades after her death. Unlike other books on Hurston, this study focuses on how Hurston was marketed and reviewed during her career and how literary scholars reappraised her after her death. While her publisher's approach to marketing Hurston as an African American fiction writer and folklorist increased her popularity among the general reading public, her fellow Harlem Renaissance authors often excoriated her as an exploiter of African American culture and a propagator of black stereotypes. Eventually, the criticism outweighed the popularity, and her writing fell out of fashion. It was only after critics reconsidered her work in the 1960s and 1970s that she eventually regained her status as one of the best writers of her generation. No other book has focused on this aspect of Hurston's career, nor has any book so systematically used marketing materials and reviews to track Hurston's literary reputation. As a result, West's study will provide a new perspective on Hurston and on the ways that the politics of race, class, and gender impact canon formation in American literary culture. This study is based on numerous interviews, short fiction previously undocumented in Hurston scholarship, an innovative analysis of advertisements and dust jackets, examinations of letters by and about Hurston, and the examination of historical/literary contexts, including the Harlem Renaissance, the protest movement, the assimilationist movement, the Black Arts movement, and the rise of black feminist thought.

What did it take for Hurston to accomplish all that she did? What did it take for her to live through the struggles she experienced? What allowed her to live—not just survive, but live? From the Newbery Honor-winning author of Genesis Begins Again comes a shimmering picture book that shines the light on Zora Neale Hurston, the extraordinary writer and storycatcher extraordinaire who changed the face of American literature. Zora was a girl who hankered for tales like bees for honey. Now, her mama always told her that if she wanted something, "to jump at de sun", because even though you might not land quite that high, at least you'd get off the ground. So Zora jumped from place to place, from the porch of the general store where she listened to folktales, to Howard University, to Harlem. And everywhere she jumped, she shined sunlight on the tales most people hadn't been bothered to listen to until Zora. The tales no one had written down until Zora. Tales on a whole culture of literature overlooked...until Zora. Until Zora jumped. A biography of the Afro-American writer well-known for her novels and collections of folklore.
